

November 2018

The Basics

- ▶ On the November 2018 ballot, voters will be asked to consider a **\$8.9 billion bond** that will provide funding for major water infrastructure projects, drought preparedness, water recycling and water quality protection.
- ▶ In the past 12 years, Californians have passed two water bonds—Prop 1 in 2014 and Prop 84 in 2006. By 2019, the remaining funds in both of these bonds will likely be exhausted.

Where Will the Money Go?

\$8.9 Billion

\$2.4 BILLION
for watershed
restoration

\$1.45 BILLION
for fish habitat &
waterfowl habitat
restoration/protection
